

Certificate

We are pleased to confirm our long standing co-operation with our partner of nearing 3 decades, **Process Technique Electronic (P) Ltd in INDIA** for the range of our BELUK products and devices.

Many of the product types are assembled at the Bengaluru facility of Process Technique over many years and this will continue for the India market, toward offering optimum local supply and support.

We confirm that the team at Process Technique Electronic (P) Ltd is trained on BELUK products and can offer technical support and sales of our products.

We are always looking forward to continued growth and with our successful partner cooperation in India.
